# 1. Narrative Report 31 March 2023

## Format of the Statement of Accounts

The primary function of the London Pensions Fund Authority (LPFA) is as an Administering Authority within the Local Government Pension Scheme.

The LPFA's Statement of Operational Accounts for the financial year ended 2022-23 consists of:

The **Statement of Responsibilities**, and

The **Group Operational Accounts** represent the cost of the governance and administration of the pension scheme and residual liabilities and the recharge of these costs to the Pension Fund and the Residual Liabilities Accounts.

The **Group Operational Accounts** consist of:

The **Group Comprehensive Income and Expenditure Account** which is a summary of the resources generated and consumed by the LPFA and its share in the results of the joint venture, LPP, in the year. The statement shows the accounting costs in the year of providing services in accordance with the generally accepted accounting practices. The LPFA does not raise taxation to cover expenditure;

The Single Entity **Operational Accounts** consist of:

The Entity **Comprehensive Income and Expenditure Account** which is a summary of the resources generated and consumed by the LPFA in the year. The statement shows the accounting costs in the year of providing services in accordance with the generally accepted accounting practices. The LPFA does not raise taxation to cover expenditure;

The **Statement of Movement in Reserves** which sets out the movement in LPFA reserves from 1 April 2022 to 31 March 2023.

The **Statement of Financial Position** which sets out the financial position of the LPFA at 31 March 2023. The Statement of Financial Position shows the value as at the Statement of Financial Position date of the assets and liabilities recognised by the LPFA.

The **Cash Flow Statement** shows the changes in cash and cash equivalent assets of the LPFA during the reporting period. The statement shows how the LPFA generates and uses cash and cash equivalents by classifying cash flows as operating and financing activities. The overall total agrees to the Cash position shown in the Statement of Financial Position.

The **Notes to support the Accounts**.

## Funding

The LPFA incurs costs in the discharge of its functions as the administering authority of the Fund. These costs are detailed in the Operational Account. In accordance with the Local Government Pension Scheme (Management and Investment of Funds) Regulations 2016, the LPFA charges its costs to the Fund under its management as they are incurred.

## Review of the Statements

The 2022-23 budget is part of the Medium Term Financial Plan (MTFP). It received initial approval from the Board in December 2021 and was submitted to the Mayor of London for comment. The final budget was approved by the Board in March 2022.

# 1. Narrative Report 31 March 2023 continued

London Pensions Fund Authority (LPFA), is the largest Local Government Pension Scheme (LGPS) in London. The pension fund had a balance sheet value of £7,658 million, as at 31 March 2023, and is responsible for the provision of pension benefits for 96,796 members of these, 22,739 are employees working for not-for-profit, charity, private sector and local government employers, 29,793 are deferred members, 36,209 are pensioners and dependants, and 8,055 are undecided leavers and frozen refunds.

The Operational and Governance expenditure represents the costs incurred by the Administering Authority in discharging its functions. Operational and Governance expenditure is recharged to the Pension Fund on a monthly basis. It comprises the LPFA Board and LPFA team costs which include the IAS19 contributions made to the pension scheme.

The LPFA headcount decreased from 19 full-time employees (FTE) to 18 FTEs, in 2022-23.

## Operational budget

Storage costs	25	–
Transfer pricing	–	48
<b>Total</b>	<b>2,563</b>	<b>2,939</b>

## Date the Statement of Accounts were authorised for issue

The Statement of Accounts were authorised for issue by the Audit and Risk Committee on 20 September 2023. Post balance sheet events have been considered up to the date the accounts were signed off by the auditor.

## Further information

Further information about these accounts is available from London Pensions Fund Authority, 2nd Floor, 169 Union Street, London SE1 0LL. In addition further information on the LPFA performance in service and corporate areas can be seen alongside a summarised version of the accounts in the LPFA Annual Report, which can be requested at the address above.

## 2. Statement of Responsibilities for the Statement of Accounts

### LPFA's responsibilities

LPFA is required to:

- Make arrangements for the proper administration of its financial affairs and to ensure that one of its officers has responsibility for the administration of those affairs (the "Section 151 officer").
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets.
- Approve the Statement of Accounts.

### The Section 151 Officer's responsibilities

At LPFA the Section 151 Officer is responsible for:

- The preparation of the LPFA's Statement of Accounts in accordance with proper accounting practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom
- Keeping proper financial records and accounts and maintaining an effective system of financial control

In preparing this Statement of Accounts, the Section 151 Officer has:

- Selected suitable accounting policies and applied them consistently
- Made judgments that were reasonable and prudent
- Taken reasonable steps for the prevention and/or detection of fraud and/or other irregularities
- Complied with the code

### Certificate of approval

I certify that the Statement of Accounts presents a true and fair view of the financial position of the LPFA at 31 March 2023 and its income and expenditure for the year ended 31 March 2023.

**Audrey Allen-Chitwa**, Deputy Section 151 Officer

Dated: 23 October 2023

### 3. Independent auditor's report to the members of the London Pensions Fund Authority

#### Report on the audit of the group operational account financial statements

##### Opinion on financial statements

We have audited the Group Operational Account financial statements of the London Pensions Fund Authority (the 'Authority') and its subsidiary, the Local Pensions Partnership (the 'group') for the year ended 31 March 2023, which comprise the Group Statement of Movement in Reserves, the Entity Statement of Movement in Reserves, the Group Operational Account Comprehensive Income and Expenditure Statement, the Group Statement of Financial Position, the Group Accounts Cashflow Statement and notes to the Group Operational Accounts financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and the CIPFA/LASAAC Code of practice on local authority accounting in the United Kingdom 2022/23.

In our opinion, the financial statements:

- give a true and fair view of the financial position of the group and of the Authority as at 31 March 2023 and of the group's expenditure and income and the Authority's expenditure and income for the year then ended;
- have been properly prepared in accordance with the CIPFA/LASAAC Code of practice on local authority accounting in the United Kingdom 2022/23; and
- have been prepared in accordance with the requirements of the Local Audit and Accountability Act 2014.

##### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law, as required by the Code of Audit Practice (2020) ("the Code of Audit Practice") approved by the Comptroller and Auditor General. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial statements' section of our report. We are independent of the group and the Authority in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

##### Conclusions relating to going concern

We are responsible for concluding on the appropriateness of the Section 151 Officer's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Authority or group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify the auditor's opinion. Our conclusions are based on the audit evidence obtained up to the date of our report. However, future events or conditions may cause the Authority or the group to cease to continue as a going concern.

In our evaluation of the Section 151 Officer's conclusions, and in accordance with the expectation set out within the CIPFA/LASAAC Code of practice on local authority accounting in the United Kingdom 2022/23 that the Authority and group's financial statements shall be prepared on a going concern basis, we considered the inherent risks associated with the continuation of services provided by the group and the Authority. In doing so we had regard to the guidance provided in Practice Note 10 Audit of financial statements and regularity of public sector bodies in the United Kingdom (Revised 2020) on the application of ISA (UK) 570 Going Concern to public sector entities. We assessed the reasonableness of the basis of preparation used by the group and Authority and the group and Authority's disclosures over the going concern period.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Authority's or the group's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the Section 151 Officer's use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

The responsibilities of the Section 151 Officer with respect to going concern are described in the 'Responsibilities of the Authority, the Section 151 Officer and Those Charged with Governance for the financial statements' section of this report.

### 3. Independent auditor's report to the members of the London Pensions Fund Authority **continued**

#### **Other information**

The Section 151 Officer is responsible for the other information. The other information comprises the information included in the Statement of Accounts and the Annual Governance Statement, other than the financial statements, and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

#### **Other information we are required to report on by exception under the Code of Audit Practice**

Under the Code of Audit Practice published by the National Audit Office in April 2020 on behalf of the Comptroller and Auditor General (the Code of Audit Practice) we are required to consider whether the Annual Governance Statement does not comply with 'delivering good governance in Local Government Framework 2016 Edition' published by CIPFA and SOLACE or is misleading or inconsistent with the information of which we are aware from our audit. We are not required to consider whether the Annual Governance Statement addresses all risks and controls or that risks are satisfactorily addressed by internal controls.

We have nothing to report in this regard.

#### **Opinion on other matters required by the Code of Audit Practice**

In our opinion, based on the work undertaken in the course of the audit of the financial statements and our knowledge of the Authority, the other information published together with the financial statements in the Statement of Accounts for the financial year for which the financial statements are prepared is consistent with the financial statements.

#### **Matters on which we are required to report by exception**

Under the Code of Audit Practice, we are required to report to you if:

- we issue a report in the public interest under section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we make a written recommendation to the Authority under section 24 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we make an application to the court for a declaration that an item of account is contrary to law under Section 28 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or;
- we issue an advisory notice under Section 29 of the Local Audit and Accountability Act 2014 in the course of, or at the conclusion of the audit; or
- we make an application for judicial review under Section 31 of the Local Audit and Accountability Act 2014, in the course of, or at the conclusion of the audit.

We have nothing to report in respect of the above matters.

### 3. Independent auditor's report to the members of the London Pensions Fund Authority **continued**

#### **Responsibilities of the Authority, the Section 151 Officer and Those Charged with Governance for the financial statements**

As explained in the Statement of Responsibilities, the Authority is required to make arrangements for the proper administration of its financial affairs and to secure that one of its officers has the responsibility for the administration of those affairs. In this authority, that officer is the Section 151 Officer. The Section 151 Officer is responsible for the preparation of the Statement of Accounts, which includes the financial statements, in accordance with proper practices as set out in the CIPFA/LASAAC Code of practice on local authority accounting in the United Kingdom 2021/22, for being satisfied that they give a true and fair view, and for such internal control as the Section 151 Officer determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Section 151 Officer is responsible for assessing the Authority's and the group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless there is an intention by government that the services provided by the Authority and the group will no longer be provided.

The Audit and Risk Committee is Those Charged with Governance. Those Charged with Governance are responsible for overseeing the Authority's financial reporting process.

#### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

#### **Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud**

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. Owing to the inherent limitations of an audit, there is an unavoidable risk that material misstatements in the financial statements may not be detected, even though the audit is properly planned and performed in accordance with the ISAs (UK).

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the group and Authority and determined that the most significant, which are directly relevant to specific assertions in the financial statements, are those related to the reporting frameworks (international accounting standards as interpreted and adapted by the CIPFA/LASAAC Code of practice on local authority accounting in the United Kingdom 2021/22, the Local Audit and Accountability Act 2014, the Accounts and Audit Regulations 2015 and the Local Government Act 2003).
- We enquired of senior officers and the Audit and Risk Committee, concerning the group and Authority's policies and procedures relating to:
  - the identification, evaluation and compliance with laws and regulations;
  - the detection and response to the risks of fraud; and
  - the establishment of internal controls to mitigate risks related to fraud or non-compliance with laws and regulations.
- We enquired of senior officers, internal audit and the Audit and Risk Committee, whether they were aware of any instances of non-compliance with laws and regulations or whether they had any knowledge of actual, suspected or alleged fraud.

### 3. Independent auditor's report to the members of the London Pensions Fund Authority **continued**

- We assessed the susceptibility of the Authority and group's financial statements to material misstatement, including how fraud might occur, by evaluating officers' incentives and opportunities for manipulation of the financial statements. This included the evaluation of the risk of management override of controls. We determined that the principal risks were in relation to:
  - the journals posted by relevant officers during the course of the year, taking into account a range of different criteria to focus our testing on the most risky journals.
- Our audit procedures involved:
  - evaluation of the design effectiveness of controls that the Section 151 Officer has in place to prevent and detect fraud;
  - journal entry testing, with a focus on those journals that have been deemed risky via our assessment based on a range of criteria;
  - challenging assumptions and judgements made by management in its significant accounting estimates in respect of its defined benefit pensions liability valuations, and the value of its investment in the Local Pensions Partnership; and
  - assessing the extent of compliance with the relevant laws and regulations as part of our procedures on the related financial statement item.
- These audit procedures were designed to provide reasonable assurance that the financial statements were free from fraud or error. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error and detecting irregularities that result from fraud is inherently more difficult than detecting those that result from error, as fraud may involve collusion, deliberate concealment, forgery or intentional misrepresentations. Also, the further removed non-compliance with laws and regulations is from events and transactions reflected in the financial statements, the less likely we would become aware of it.
- The team communications in respect of potential non-compliance with relevant laws and regulations, including the potential for fraud in revenue and expenditure recognition, and the significant accounting estimates related to defined benefit pensions liability valuations, and the value of its investment in the Local Pensions Partnership.
- Our assessment of the appropriateness of the collective competence and capabilities of the group and Authority's engagement team included consideration of the engagement team's and component auditor's.
  - understanding of, and practical experience with audit engagements of a similar nature and complexity through appropriate training and participation
  - knowledge of the local government sector
  - understanding of the legal and regulatory requirements specific to the Authority and group including:
    - the provisions of the applicable legislation
    - guidance issued by CIPFA, LASAAC and SOLACE
    - the applicable statutory provisions.
- In assessing the potential risks of material misstatement, we obtained an understanding of:
  - the Authority and group's operations, including the nature of its income and expenditure and its services and of its objectives and strategies to understand the classes of transactions, account balances, expected financial statement disclosures and business risks that may result in risks of material misstatement.
  - The Authority and group's control environment, including the policies and procedures implemented by the Authority and group to ensure compliance with the requirements of the financial reporting framework.
- For components at which audit procedures were performed, we requested component auditors to report to us instances of non-compliance with laws and regulations that gave rise to a risk of material misstatement of the group financial statements. No such matters were identified by the component auditors.

### 3. Independent auditor's report to the members of the London Pensions Fund Authority *continued*

#### Report on other legal and regulatory requirements – the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources

##### **Matter on which we are required to report by exception – the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources**

Under the Code of Audit Practice, we are required to report to you if, in our opinion, we have not been able to satisfy ourselves that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources for the year ended 31 March 2023.

Our work on the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources is not yet complete. The outcome of our work will be reported in our commentary on the Authority's arrangements in our Auditor's Annual Report. If we identify any significant weaknesses in these arrangements, these will be reported by exception in a further auditor's report. We are satisfied that this work does not have a material effect on our opinion on the financial statements for the year ended 31 March 2023.

##### **Responsibilities of the Authority**

The Authority is responsible for putting in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources, to ensure proper stewardship and governance, and to review regularly the adequacy and effectiveness of these arrangements.

##### **Auditor's responsibilities for the review of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources**

We are required under Section 20(1)(c) of the Local Audit and Accountability Act 2014 to be satisfied that the Authority has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources. We are not required to consider, nor have we considered, whether all aspects of the Authority's arrangements for securing economy, efficiency and effectiveness in its use of resources are operating effectively.

We undertake our review in accordance with the Code of Audit Practice, having regard to the guidance issued by the Comptroller and Auditor General in December 2021. This guidance sets out the arrangements that fall within the scope of 'proper arrangements'. When reporting on these arrangements, the Code of Audit Practice requires auditors to structure their commentary on arrangements under three specified reporting criteria:

- Financial sustainability: how the Authority plans and manages its resources to ensure it can continue to deliver its services;
- Governance: how the Authority ensures that it makes informed decisions and properly manages its risks; and
- Improving economy, efficiency and effectiveness: how the Authority uses information about its costs and performance to improve the way it manages and delivers its services.

We document our understanding of the arrangements the Authority has in place for each of these three specified reporting criteria, gathering sufficient evidence to support our risk assessment and commentary in our Auditor's Annual Report. In undertaking our work, we consider whether there is evidence to suggest that there are significant weaknesses in arrangements.

### 3. Independent auditor's report to the members of the London Pensions Fund Authority **continued**

#### **Report on other legal and regulatory requirements – Delay in certification of completion of the audit**

We cannot formally conclude the audit and issue an audit certificate for the London Pensions Fund Authority for the year ended 31 March 2023 in accordance with the requirements of the Local Audit and Accountability Act 2014 and the Code of Audit Practice as we are required to give an opinion on the consistency of the pension fund financial statements of the Council included in the Pension Fund Annual Report with the pension fund financial statements included in the statement of accounts. The Local Government Pension Scheme Regulations 2013 require authorities to publish the Pension Fund Annual Report by 1 December 2023. As the London Pensions Fund Authority has not prepared the Pension Fund Annual Report at this time, we have yet to issue our report on the consistency of the pension fund financial statements; We are satisfied that this work does not have a material effect on the financial statements for the year ended 31 March 2023.

#### **Use of our report**

This report is made solely to the members of the Authority, as a body, in accordance with Part 5 of the Local Audit and Accountability Act 2014 and as set out in paragraph 43 of the Statement of Responsibilities of Auditors and Audited Bodies published by Public Sector Audit Appointments Limited. Our audit work has been undertaken so that we might state to the Authority's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Authority and the Authority's members as a body, for our audit work, for this report, or for the opinions we have formed.

**Ciaran McLaughlin**, Key Audit Partner

for and on behalf of Grant Thornton UK LLP, Local Auditor

## 5. Notes to the Group Operational Accounts

### General information

The operational costs incurred by LPFA in administering the pension fund, residual liabilities fund and agency contracts are accumulated in the operational accounts and are reimbursed from the respective source.

### 1. Summary of significant accounting policies

#### General principles

The Statement of Accounts summarises LPFA's transactions for the 2022-23 financial year and its position at year-end of 31 March 2023. It has been prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2022-23 based upon International Financial Reporting Standards (IFRS).

The financial statements and accounts have been prepared on a going concern basis.

#### Accruals of income and expenditure

Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

Fees and charges are accounted for as income at the date LPFA provides the relevant services.

Supplies are recorded as expenditure when they are consumed.

Where income or expenditure has been recognised but cash has not been received or paid, a receivable or payable for the relevant amount is recorded in the statement of financial position. Where it is doubtful that debts will be settled, the balance of receivables is written down and a charge is made to revenue for the income that might not be collected.

#### Cash and cash equivalents

Cash and cash equivalents comprise cash in hand and demand deposits, together with short term, highly liquid investments that are readily convertible to a known amount of cash, and that are subject to an insignificant risk of change in value. An investment normally meets the definition of a cash equivalent when it has a maturity of three months or less from the date of acquisition. Bank overdrafts which are repayable on demand and which form an integral part of an entity's cash management are also included as a component of cash and cash equivalents.

Cash balances not required for immediate use are invested in accordance with LPFA's Treasury Management Strategy. Interest earned on LPFA's balances is credited to the Comprehensive Income and Expenditure Statement during the year and appropriate accruals are made at year-end.

#### Employee benefits

##### Benefits payable during employment

Employee benefits are those due to be settled in the financial year. They include salaries, bonuses, paid annual leave and paid sick leave for employees and are recognised as an expense in the year in which the employee renders services to LPFA

##### Post-employment benefits

LPFA participates in the Local Government Pension Scheme (LGPS) administered by the LPFA. This is a funded, defined benefit scheme. Employees' and employers' contributions are paid in to the LGPS. Employers' contribution rates are advised by the LPFA Fund's Actuary, Barnett Waddingham. The pension liabilities of the LPFA are included on the statement of financial position on an actuarial basis i.e. an assessment of the future payments (retirement benefits) based on assumptions made by the Actuary about mortality rates, employee turnover rates etc. and projections of earnings for current employees.

The financial statements disclose the cost of providing retirement benefits and related gains, losses, assets and liabilities under IAS 19. In line with directions from Government, future pensions liabilities are now measured using the Consumer Prices Index. The Code of Practice requires the net pensions asset or liability be matched by a pensions reserve in the statement of financial position.

## 5. Notes to the Group Operational Accounts *continued*

The movement in the defined benefit obligation is analysed into the following components:

- Service cost: the increase in the present value of a defined benefit obligation (liabilities) resulting from employee service in the current period.
- Interest cost: the change during the period in the defined benefit liability that arises from the passage of time.
- Change in financial assumptions: changes in the present value of the defined benefit obligation resulting from a change in financial assumptions made by the actuary;
- Change in demographic assumptions: changes in the present value of the defined benefit obligation resulting from a change in demographic assumptions made by the Actuary;
- Experience loss/(gain) on defined benefit obligation: changes in the present value of the defined benefit obligation resulting from the effects of the differences between the previous actuarial assumptions and what has actually occurred;
- Estimated benefits paid (net of transfers in): Payments to discharge liabilities directly to pensioners;
- Contributions by scheme participants: the increase in scheme liabilities and assets due to payments made into the scheme by employees (where increased contribution increases pensions due to the employee in the future).

### **Post statement of financial position events**

These are events that occur between the end of the reporting period and the date the Statement of Accounts is published. Events taking place after the date of publication are not reflected in the Statement of Accounts. There are two types of event possible:

Adjusting – Those events that are evidence of conditions that existed at the statement of financial position date; if these are material the statements and notes are adjusted to reflect their impact.

Non-adjusting – Those events that are indicative of conditions that arose after the statement of financial position date, the financial statements and notes are not adjusted for the impact of such events but additional explanatory notes would be provided.

### **Provisions**

Provisions in accordance with IAS 37 are made where an event has taken place that gives LPFA an obligation that probably requires settlement by transfer of economic benefits, but where the timing of the transfer is uncertain.

Provisions are charged to the comprehensive income and expenditure statement in the year that LPFA becomes aware of the obligation, based on the best estimate of the likely settlement but discounted to the present value. When payments are eventually made they are charged directly to the provision set up on the statement of financial position. Estimated settlements are reviewed at the end of each financial year and the provision increased or reversed back to the revenue account if it becomes more likely than not that a transfer of benefits will not be made or a lower settlement than anticipated could be made.

### **Contingent liabilities**

Contingent liabilities arise where an event has taken place that gives LPFA a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of LPFA. These are not recognised as liabilities in the accounts but disclosed in the financial statements where it is probable that an outflow of economic benefit to settle the obligation is more than remote.

### **Value Added Tax**

LPFA is VAT registered, so all income and expenditure amounts exclude VAT, with the exception of where VAT is not fully recoverable.

### **Financial assets/ liabilities**

Financial assets are included in the statement of financial position on a fair value basis as at the reporting date in accordance with IFRS 9. The asset is recognised in the statement of financial position on the date the entity becomes party to the contractual acquisition of the asset. From this date any gains or losses arising from changes in the fair value are recognised by the entity in the profit and loss account.

## 5. Notes to the Group Operational Accounts *continued*

Financial assets/liabilities represents transactions, with a contract, that result in a financial asset for one entity and a financial liability for another.

Financial assets are recognised by LPFA on the statement of financial position, initially at their fair value, only when goods or services have been provided or rendered to a third party.

Financial liabilities are recognised, initially at their fair value, when the goods or services ordered from a third party have been received by LPFA and the third party has performed its contractual obligations.

### **Joint venture**

The London Pensions Authority has a joint venture, Local Pensions Partnership (LPP), with the Lancashire County Pension Fund. This was established on 8 April 2016. It is owned in equal shares by London Pension Fund Authority (LPFA) and the Lancashire County Council and the LPP manages the administration and investment functions on behalf of the two funds.

In the accounts of the entity, the value of the investment in LPP is disclosed at cost, being £nil. The cost of acquisition was £nil as LPP was acquired as a start up.

Group Accounts have been included recognising the LPFA's significant interest in the LPP. As a Joint Venture, the LPP is consolidated into the Fund's Group Accounts using the equity method. The judgement in defining LPP as a Joint Venture is reached due to LPP being an arrangement under which two (or more) parties have contractually agreed to share control, such that decisions about activities that significantly affect returns require the unanimous consent of the parties sharing control, and the two Funds have rights to the net assets of the arrangement. This remains the case in 2022-23.

### **Reserves**

LPFA sets aside specific amounts as reserves for future policy purposes or to cover contingencies. Reserves are created by appropriating amounts in the General Fund Balance in the Movement on Reserves Statement. Where expenditure to be financed from a reserve is incurred, it is charged to the Comprehensive Income and Expenditure Statement and the reserve is then applied to offset this charge.

#### **Pension reserve**

The pensions reserve absorbs the timing differences arising from the different arrangements for accounting for post-employment benefits and for funding benefits in accordance with statutory provisions.

#### **Non-voting equity interest in Joint Venture**

The non-voting equity interest are non-voting ordinary shares owned by the LPFA Pension Fund in the LPP. The LPP is included as a joint venture in the Operational Accounts.

#### **Group general reserve**

The group general reserves is derived from the LPFA's share of the general reserves in the joint venture. There are no general reserves in the entity as only actual costs are recharged to the pension fund.

## **2. Accounting standards issued, but not yet adopted**

There are no relevant standards that have been issued but not adopted during the year.

## **3. Financial risk management**

There is a robust budget setting process in place that includes: strategic business direction set by the Board, budget challenge by both Officers and the Audit and Risk Committee prior to the draft budget being presented to Board for its initial comment and approval prior to dispatch to the Mayor of London for formal consultation. Subsequently a revised budget paper, including comments and other changes is presented back to Board for final approval. The budget contains both income and expenditure based on assumptions. During the course of the year, actual events may not accurately reflect the assumptions allowed for in the budget, and more accurate forecasts are made on a monthly basis as part of the budget monitoring arrangements.

## 5. Notes to the Group Operational Accounts continued

### 4. Critical accounting judgements and estimates

#### Estimates

##### Pensions liability

Estimation of the net liability to pay pensions depend on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets that give rise to a number of estimation uncertainties. A firm of consulting actuaries are engaged to provide LPFA with expert advice about the assumptions to be applied. However, because these judgements cannot be determined with certainty, actual results could be materially different from the assumptions and estimates. The impact of the change in key assumptions is set out in note 12.

#### Judgements

##### Pensions liability guarantee

The LPFA has provided a guarantee, under the Admission Agreements, to settle the LPP and LPPI pension deficits in the event of both entities ceasing to trade and exiting the LGPS. To determine how this guarantee is treated within the LPFA financial statements requires several judgements to be made regarding the balance between financial risks such as the discount rate and non financial risks from such things as changes in life expectancy or final salaries of members. The non-financial risks falls within the definition of an insurance contract under IFRS 4. As the financial and non-financial risks are both significant, the guarantee has not been deemed to be a derivative under IAS 39. IAS 37 excludes obligations and contingencies arising from insurance contracts, but it does apply to other provisions, contingent liabilities and contingent assets of an insurer. The LPFA Admissions Agreement states that LPFA is providing a guarantee if LPP exits the LGPS. In such an event LPFA would suffer a loss equivalent to the amount required to settle the pensions liability. After consideration of IAS 28 and IAS 37, the possible liability to settle the pension deficit within LPP should not be disclosed in LPFA financial statements, as a contingent liability in accordance with IAS 37 due to the very low probability of a cessation event triggering the LPFA guarantee.

##### Joint venture

The LPFA has to make a judgement regarding the level of control exercised over LPP and whether it is a joint operation or a joint venture to determine whether it is eligible to treat it as a joint venture under IFRS 11. The judgement in defining LPP as a Joint Venture is reached due to LPP being an arrangement under which two (or more) parties have contractually agreed to share control, such that decisions about activities that significantly affect returns require the unanimous consent of the parties sharing control, and the two entities have rights to the net assets of the arrangement. As a joint operation the LPFA would have rights to the assets and obligations relating to the liabilities of LPP, whereas as a joint venture it has rights to a proportion of the net assets of the entity. The LPFA have determined that the arrangement is that of a joint venture as the entities who share in the control have a right to 50% of the net assets. This remains the case at the reporting date.

### 5. Income

	2022-23 £'000	2021-22 £'000
Management fee	6,153	3,716
Funded by Residual Liabilities	563	557
	6,716	4,273

The Operational costs for the year ended 31 March 2023 were £6,716k. These costs were funded by a charge to the Pension Fund of £6,153k, and a recharge to Residual Liabilities of £563k.

Subscriptions & publications	158	90
Bad debt provision	(106)	106
Management charges – LPPA Pension Admin support	2,347	2,235
Management charges – LPPI Operational support	–	568
	<b>3,892</b>	<b>4,091</b>

Some comparative figures have been reclassified to be consistent with current year figures.

### 11. Disclosure of audit costs

	2022-23 £'000	2021-22 £'000
External audit – Code of audit practice	91	78
	<b>91</b>	<b>78</b>

Fees are also payable to the external auditors in relation to the certification of the data used to calculate the IAS19 disclosures for participating employers. The fee is expected to be £50k (2022 – £34.5k). These fees are recharged to the employer so the net cost to LPFA is £nil.

## 5. Notes to the Group Operational Accounts continued

### 12. Retirement benefit obligations

	2022-23 £'000	2021-22 £'000
Fair value of plan assets	36,228	28,591
Defined benefit obligations	(38,766)	(42,755)
<b>Net defined benefit liability</b>	<b>(2,538)</b>	<b>(14,164)</b>

Reconciliation of the opening and closing balance of the present value of the defined benefit obligation.

	2022-23 £'000	2021-22 £'000
At 1 April	42,755	43,064
Current service cost	580	532
Interest expense	1,097	799
Change in financial assumptions	(16,012)	(1,931)
Change in demographic assumptions	(701)	-
Experience loss on defined benefit obligation	4,747	102
Liabilities assumed extinguished	7,432	937
Estimated benefits paid (net of transfers in)	(1,254)	(848)
Contributions by scheme participants	122	100
<b>Closing defined benefit obligations</b>	<b>38,766</b>	<b>42,755</b>

The movement in the fair value of plan assets over the period is as follows:

	2022-23 £'000	2021-22 £'000
At 1 April	28,591	24,640
Interest income	735	437
Return on assets less interest	(3)	3,390
Other actuarial gains	(37)	(7)
Admin expenses	(9)	(32)
Contributions by employer including unfunded	479	472
Contributions by scheme participants and other employers	122	100
Estimated benefits paid including unfunded net of transfers in	(1,254)	(848)
Settlement prices received/(paid)	7,604	439
<b>Closing fair value of plan assets</b>	<b>36,228</b>	<b>28,591</b>

## 5. Notes to the Group Operational Accounts continued

### 12. Retirement benefit obligations continued

Amounts recognised in Group Operational Account:

	2022-23 £'000	2021-22 £'000
Service cost	408	1,030
Net interest on the defined benefit liability	362	362
Admin expenses	9	32
<b>Total operating charge</b>	<b>779</b>	<b>1,424</b>

Amounts recognised in the Statement of Other Comprehensive Income and Expenditure:

	2022-23 £'000	2021-22 £'000
Return on plan assets in excess of interest	(3)	3,390
Other actuarial gains/(losses) on assets	(37)	(7)
Change in financial assumptions	16,012	1,931
Change in demographic assumptions	701	–
Experience gain/(loss) on defined benefit obligation	(4,747)	(102)
<b>Remeasurement of net defined benefit liability</b>	<b>11,926</b>	<b>5,212</b>

The movement in the defined benefit liability:

	2022-23 £'000	2021-22 £'000
At 1 April	(14,164)	(18,424)

The principle actuarial assumptions were as follows:

	31 March 2023 Years	31 March 2022 Years
<b>Life expectancy</b>		
<b>Mortality rate for 65 year olds – retiring today</b>		
Males	22.4	22.6
Females	24.0	24.1
<b>Mortality rate for 65 year olds – retiring in 20 years time</b>		
Males	22.2	23.1
Females	25.5	25.9

	31 March 2023	31 March 2022
<b>Post retirement mortality</b>		
Base table	Club Vita tables	Club Vita tables
Multiplier (M/F)	1	1
Future improvements model	CMI_2021	CMI_2020
Long-term rate of improvement	1.25% p.a.	1.25% p.a.
Smoothing parameter	7	7
Initial addition parameter	0.5% p.a.	0.5% p.a.
2020 weighted parameter	5%	25%
2021 weighted parameter	5%	n/a

The following assumptions were also made:

- Members will exchange half of their commutable pension for cash at retirement.
- The proportion of the membership that had taken up the option under the new LGPS to pay 50% of contributions for 50% of benefits at the previous valuation date will remain the same.

	31 March 2023 %p.a.	31 March 2022 %p.a.	31 March 2021 %p.a.
CPI increases	2.9	3.2	2.8
Salary increases	3.9	4.2	3.8
Pension increases	2.9	3.2	2.8

### 12. Retirement benefit obligations *continued*

#### Employee benefits

All LPFA staff are members of the Local Government Pension Scheme (LGPS) as at 31 March 2023. The LGPS is a tax approved, defined benefit occupational pension scheme set up under the Superannuation Act 1972. The benefits under the scheme are based on the length of membership and the average salary. Each member contributes a proportion of their salary, within a 5.5% to 12.5% range depending of their rate of pay. The LPFA, as the employing body, also contributes in to the scheme on the employee's behalf at 12.0% of the employee's salary.

#### Benefits payable during employment

Short-term employee benefits are those due to be settled within 12 months of the year-end. They include such benefits as wages and salaries, paid annual leave and paid sick leave, bonuses for current employees and are recognised as an expense for services in the year in which employees render service to LPFA.

#### Termination benefits

Termination benefits are amounts payable as a result of a decision by LPFA to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy and are charged on an accruals basis to the Cost of Services line in the Comprehensive Income and Expenditure Statement at the earlier of when LPFA can no longer withdraw the offer or when the authority recognises costs for a restructuring under IAS37. Where termination benefits involve the enhancement of pensions, statutory provisions require the General Fund balance to be charged with the amount payable by LPFA to the pension fund or pensioner in the year, not the amount calculated according to the relevant accounting standards. In the Movement in Reserves Statement, appropriations are required to and from the Pensions Reserve to remove the notional debits and credits for pension enhancement termination benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end.

#### Post-employment benefits

Employees of LPFA are members of the LGPS, administered by the LPFA. The scheme provides defined benefits to members (retirement lump sums and pensions), earned as employees worked for LPFA.

#### The Local Government Pension Scheme

LGPS is accounted for as a defined benefits scheme: The liabilities of the LPFA pension fund attributable to LPFA are included in the balance sheet on an actuarial basis using the projected unit method – i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc., and projections of projected earnings for current employees.

#### Discretionary benefits

LPFA also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff (including teachers) are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.

### 16. Net investment in joint venture

LPFA entered into a joint venture with Lancashire County Council and incorporated Local Pensions Partnership Ltd (LPP) and its subsidiaries on 19 October 2015. The objective of LPP is to provide high quality, low cost pension administration, risk management and investment management services to London Pension Fund Authority (LPFA), Lancashire County Pension Fund and other LGPS clients.

The joint venture has been equity accounted and LPFA's fifty percent share of LPP's results are included, in the Group Comprehensive Income and Expenditure Statement and in the Balance Sheet. The results of the LPP Group are as follows:

	50% Share of LPP 2022-23 £'000	LPP Group 2022-23 £'000	50% Share of LPP 2021-22 £'000	LPP Group 2021-22 £'000
<b>Comprehensive Income and Expenditure Statement:</b>
